

1 will be free from the realm of politics.

2 Secondly, by having this board appointed by the
3 governor, we have a theory which is in keeping with the
4 responsibility for this function in our State government as it
5 is being in the Executive Branch of the government, but
6 shared in part with the Legislative Branch. Any other
7 method of selection of governing board of members of the
8 Board of Education is likely to cost the State some
9 highly qualified persons who would accept an appointment
10 by the governor but would shy away from any candidacy
11 that would involve campaigning for the position.

12 In short, then, what is the effect of the
13 addition of this phrase which the Minority now accepts?
14 It recognizes a board and not one person will head the
15 State school system. Insures that that board will be
16 appointed by the governor. It eliminates an apparent in-
17 consistency which within our Constitution that we are
18 drafting between the General Provisions proposal and
19 education and the Article in the Executive Branch in their
20 Section 4.21. It does not impair the General Assembly from
21 creating any other subsidiary school systems as they may
